The Royal Oak, Claremont & Regnum Club all have the same points; therefore the result of Overall Winners for Division 1 should go back on the matches between the 3 teams. This is a problem as they have each beaten a different team twice, therefore the result goes back on the points scored and won only between the matches involving the 3 teams. This gives the Royal Oak Overall Winners, with the Claremont & Regnum Club joint Runners-Up.

RESULT SHEET MISTAKES

Please Note that this is a bit of fun, but it also shows how many mistakes have been made during the season!

Please get it right, if you can.

Also, you should note that no 1 person alone is responsible for mistakes. Chalkers, Checkers, Players, Result Sheet scorers and Spectators can all help reduce mistakes.
